

Theraplay Supervision—Chicago Area Group

- Work on Theraplay certification
- Receive consultation on a difficult case
- Network with other Theraplay-trained people
- Observe a wide variety of Theraplay cases and applications
- Boost your confidence after attending the Introductory training by seeing more Theraplay work

Group supervision sessions are held once monthly at the Wilmette, IL office, located just off the Edens Expressway at Old Orchard Road.

The fee to make a case presentation is \$100. Presenters are invited to stay to observe the other presentations at no additional charge. If you wish to observe only, the fee is \$15 per hour, and you can come for one, two or three hours.

Practicum students can earn two credits by presenting a case and observing the supervision of the two others, getting two credits for the price of one! Up to ten credits can be earned by observation.

The group is confidential, small and welcoming, and much more fun than sending a tape and waiting for e-mail supervision! Each session will be led by a certified Theraplay Trainer/Supervisor, and limited to no more than six participants.

Come as often as you wish. There is no obligation to commit to once per month, but we do require you to reserve your space no later than the Tuesday before.

[CONTACT US](#) for upcoming supervision dates.
