

THERAPLAY®

LEVEL TWO & MIM TRAINING

Stand Children's Services in partnership with **The Theraplay® Institute** are delighted to present the **Three Day Level 2** Theraplay® training.

Theraplay® focuses on the parent/carer-child relationship which is the most powerful and influential element to promote healing from grief, loss and trauma. Other therapies may work primarily with the child alone or simply work with parents/carers on managing the child's behaviours.

The Level 2 & MIM Theraplay® training covers:

- MIM by Dimensions – what are we looking for?
- Working with Parents
- Building your Theraplay skills
- Adapting Theraplay to work with trauma and complex families.

This training is suitable for professionals with professional training eligible for registration with an ethical body. It is interactive, intense and practical. Level Two training prepares participants to move from a foundational level of practice towards deeper integration of theory and skill into their Theraplay practice.

You must have attended a four day Level One training to attend this Level 2 training and preferably be a Foundational Practitioner level.

WHERE

Stand Children's Services
23 Glenelg Spur
Hillsborough
