Name \_\_\_\_\_ Date \_\_\_\_\_

Supervisor \_\_\_\_\_

In each section following, the primary behavior/skill being evaluated is listed and will require a rating of 1-5 (see rating scale below). In addition, a brief description is listed under each primary skill providing details for consideration as you rate the supervisee in each area. Supervisees should complete this form by indicating their self-rating and supporting comments for their rating. Supervisors should do the same\*\*, adding recommendations for increased competence when appropriate. Please review comments and recommendations for continued training with supervisees.

**These ratings are to reflect the student's total body of work.**

**\*\*An average score of 3.0 is required to achieve Foundational Theraplay Practitioner.\*\***

Please note that the TTI rating is only required should the supervisee be referred for additional supervision by their supervisor.

**THE RATING SCALE:**

**5: Exceptional**

- Demonstrates ability to implement aspects of treatment effectively (90-100%) with limited to no guidance required. Integrates feedback from supervisor into practice all of the time.

**4: Good skills**

- Demonstrates ability to implement aspect of treatment effectively (70-90% of the time) with some support from supervisor needed at times. Integrates feedback from supervisor into practice most of the time.

**3: Average**

- Demonstrates ability to implement aspect of treatment 50-70% of the time. Integrates feedback from supervisor into practice some of the time.

**2: Needs improvement and additional supervisory support**

- Demonstrates ability to implement aspect of treatment 30-50% of the time. Integrates feedback from supervisor into practice minimally.

**1: Significant deficit area—requires supervision beyond the standard practicum**

- Practice not in line with Theraplay practice and supervisee has not demonstrated efforts to integrate recommendations of supervisor.

**NOTE: The term “caregiver” will refer to anyone in a parenting role with the child, including biological /adoptive/ foster parent, step-parent, grandparent , guardian, etc.**

<b>MIM ASSESSMENT</b>	<b>S e l f - Rating</b>	<b>Sup Rating</b>
-----------------------	-----------------------------	-----------------------

**Description:**

**Administer MIM appropriately:** Advises on appropriate space; Provides clear instruction to family, selecting appropriate activities; Ensures the family has all the appropriate materials; Chooses and asks helpful follow up questions of the family regarding their experience with the MIM.

**MIM Analysis:** Observations support conclusions and plans; Treatment Plans correspond to MIM Analysis that includes specific goals for treatment within appropriate dimensions; Session Plans reflect understanding of identified goals and are guided by the treatment plan; Demonstrates an understanding of who and what needs to change and is able to guide this process through session planning.

**MIM feedback appropriate and sensitive:** Is able to highlight family’s/dyad’s strengths and illustrate them through video clips; Is able to identify areas of concern and empathically explore with caregivers during feedback sessions; Is able to articulate in a positive way (to supervisor and to caregivers) when online Theraplay is contraindicated.
